

FOSTER COLLEGE OF BUSINESS

Mission Statement

The Foster College of Business is a professional school that prepares learners to pursue success throughout their lives. We infuse interdisciplinary approaches, including convergence, in our curricula, research efforts and community service, in partnership with stakeholders, to provide students with exceptional learning experiences and the ability to contribute solutions with positive societal impact. We engage with learners of all types, conduct original research, and contribute to the betterment of our college, university, professions, and communities.
