

# MASTER OF SCIENCE IN COMPUTER INFORMATION SYSTEMS - EMERGING TOPICS IN COMPUTER INFORMATION SYSTEMS CONCENTRATION

Department: Computer Science and Information Systems (<https://catalog.bradley.edu/graduate/liberal-arts-sciences/computer-science-information-systems/>)

This concentration provides students with essential background, understanding, in-depth knowledge, and unique skills in the practice of selected emerging topics in Computer Information Systems area.

## Admissions Requirements

The admission requirements for the Computer Information systems program are:

1. one semester of calculus
2. one semester of statistics, and
3. two semesters of computer programming

In addition to meeting all the general requirements of Graduate Education and of the department as stated above, candidates for the master's degree in computer information systems must satisfy the following requirements:

1. At least 21 of the 33 semester hours required must be earned in courses labeled as CIS. At most, six hours may be earned in approved courses other than those labeled CS or CIS.
2. To satisfy the core (breadth) requirements, a student must either take the following courses or show the evidence of having completed equivalent courses elsewhere:
  - a. CIS 530 Information Technology Infrastructure
  - b. CIS 571 Database Management Systems
  - c. CIS 575 Computer Information Systems Analysis. Design and Integration
  - d. CIS 591 CIS and IT Project Management.
3. To satisfy the depth requirements, the student must take three courses from one of the concentrations offered by the department. No course taken to satisfy the core requirements (see items 2) may be counted as one of the three courses in this requirement. Students are admitted into the Master of Science in Computer Information Systems program and declare a concentration after beginning their coursework.

## Concentration Requirements

The Concentration is comprised of 6 required and 3 elective semester hours of study as outlined below.

Code	Title	Hours
<b>Required Courses</b>		
CIS 699	Thesis in Computer Information Systems	3.0

### Elective

Select one of the following:		3.0
CIS 697	Advanced Topics in Computer Information Systems	
CIS 698	Directed Individual Studies in Computer Information Systems	

<b>Total Hours</b>	<b>6</b>
