

ORGANIZATIONAL COMMUNICATION MINOR

Department: Communication (<https://catalog.bradley.edu/undergraduate/communications-fine-arts/communication/>)

The minor offers a relevant set of skills, knowledge, and abilities such as group and organizational communication, conflict resolution, consulting, and interviewing skills. The OC minor enhances other programs of study and provides career flexibility. Students with a minor in organizational communication will develop an understanding of organizational communication issues applicable to all types of organizations.

A minimum cumulative GPA of 2.25 must be earned in the minor. Department majors and/or minors may not apply a course to more than one requirement (e.g., if students pursue a Journalism major and an Organizational Communication minor, they cannot take COM 292 Organizational Communication to complete both the elective requirement in JN and the basic requirement in OC).

Total Hours Required for Minor: 18
