

# USER EXPERIENCE DESIGN MINOR

---

Department: Interactive Media (<https://catalog.bradley.edu/undergraduate/communications-fine-arts/interactive-media/>)

The User Experience Design minor teaches the fundamental art and science of design to ensure systems meet users’ needs and goals, including the importance of physical and emotional reactions in the process. The minor focuses on the user experience processes and tools used in industry. Methods include how to develop user-and-human-centered designs.
